Pranay Kavthankar

+91-8976226227 Pranay.kavthankar@gmail.com PranayKavthankar

Career Objective:

To become a highly proficient Machine Learning Engineer and Data Analyst, and to contribute to the development of intelligent, data-driven systems that solve real-world problems using advanced analytics and AI techniques.

Education:

B. Tech in Information Technology

Dwarkadas J Sanghvi College of Engineering, June 2027 9.3 CGPA

XII Higher Secondary Examination (Science)

Nirmala College of Commerce and Science Mumbai, June 2023 80 %

Projects:

1. **AI-Powered Insider Threat Detection System (Jan 2026):**

   Developed a machine learning-based system to detect insider threats using behavioral and activity log data.
   Implemented anomaly detection models, feature engineering, and severity prediction using structured datasets.

2. **Stress Detection using Motion Data (June 2024 – August 2024):**

   Built a stress classification model using motion sensor data and machine learning algorithms.
   Performed data preprocessing, feature extraction, and trained classification models to predict stress levels.

3. **Sales Data Anomaly Detection & Predictive Analytics System (Jan 2024 – May 2024):**

   Created a data analytics framework to detect anomalies in structured sales datasets.
   Implemented machine learning models for anomaly detection and predictive severity scoring with automated reporting.

Co-Curricular Activities:

DJ Init.ai Social Media Head (Nov 2025)

Handling Social media of DJ Init.ai

DJS NOVA Creatives Co – Committee (Sep 2024)

Created designs and handled social media of DJS NOVA

Soft Skills:

Collaboration, Adaptivity, Critical thinking,Punctuality
